ABOUT MRKI

With roots inspired by ancient Egyptian innovation, MRKi continues the legacy of distinction and service. Just as the Egyptians once united their lands with their groundbreaking vehicles, we are committed to uniting you with safe, secure, and premium transportation. After extensive market research, we identified the lack of safety standards in the industry. At MRKi, we prioritize your safety and security, providing you with a unique, reliable experience that reflects our rich heritage and forward-thinking approach.

ABOUT US

Today, I will tell you a story. 7,000 years ago, in ancient Egyptian civilization, the Egyptians invented a vehicle. This vehicle was used by kings, ministers, and nobles, and during times of war, it was used to drive out enemies and unite the two lands of Egypt. This vehicle is MRKi, and we have brought the entire experience to you so that you can try MRKi and feel the distinction. Since Egyptians by nature are developers, we followed the market needs and studied our competitors. We found that safety factors were missing from most of the competitors during this period, and that's why the theme of our campaign is safety and security standards for our clients."

Vision & Mission

Vision

Is to offer simple, safe, and dependable transportation, becoming the top choice for easy and sustainable travel for all

Mission

is to provide reliable, affordable, and personalized ride services that meet the needs of individuals and families. We focus on convenience, safety, and sustainability to ensure a better travel experience for everyone.

Environment: Urban areas with heavy traffic

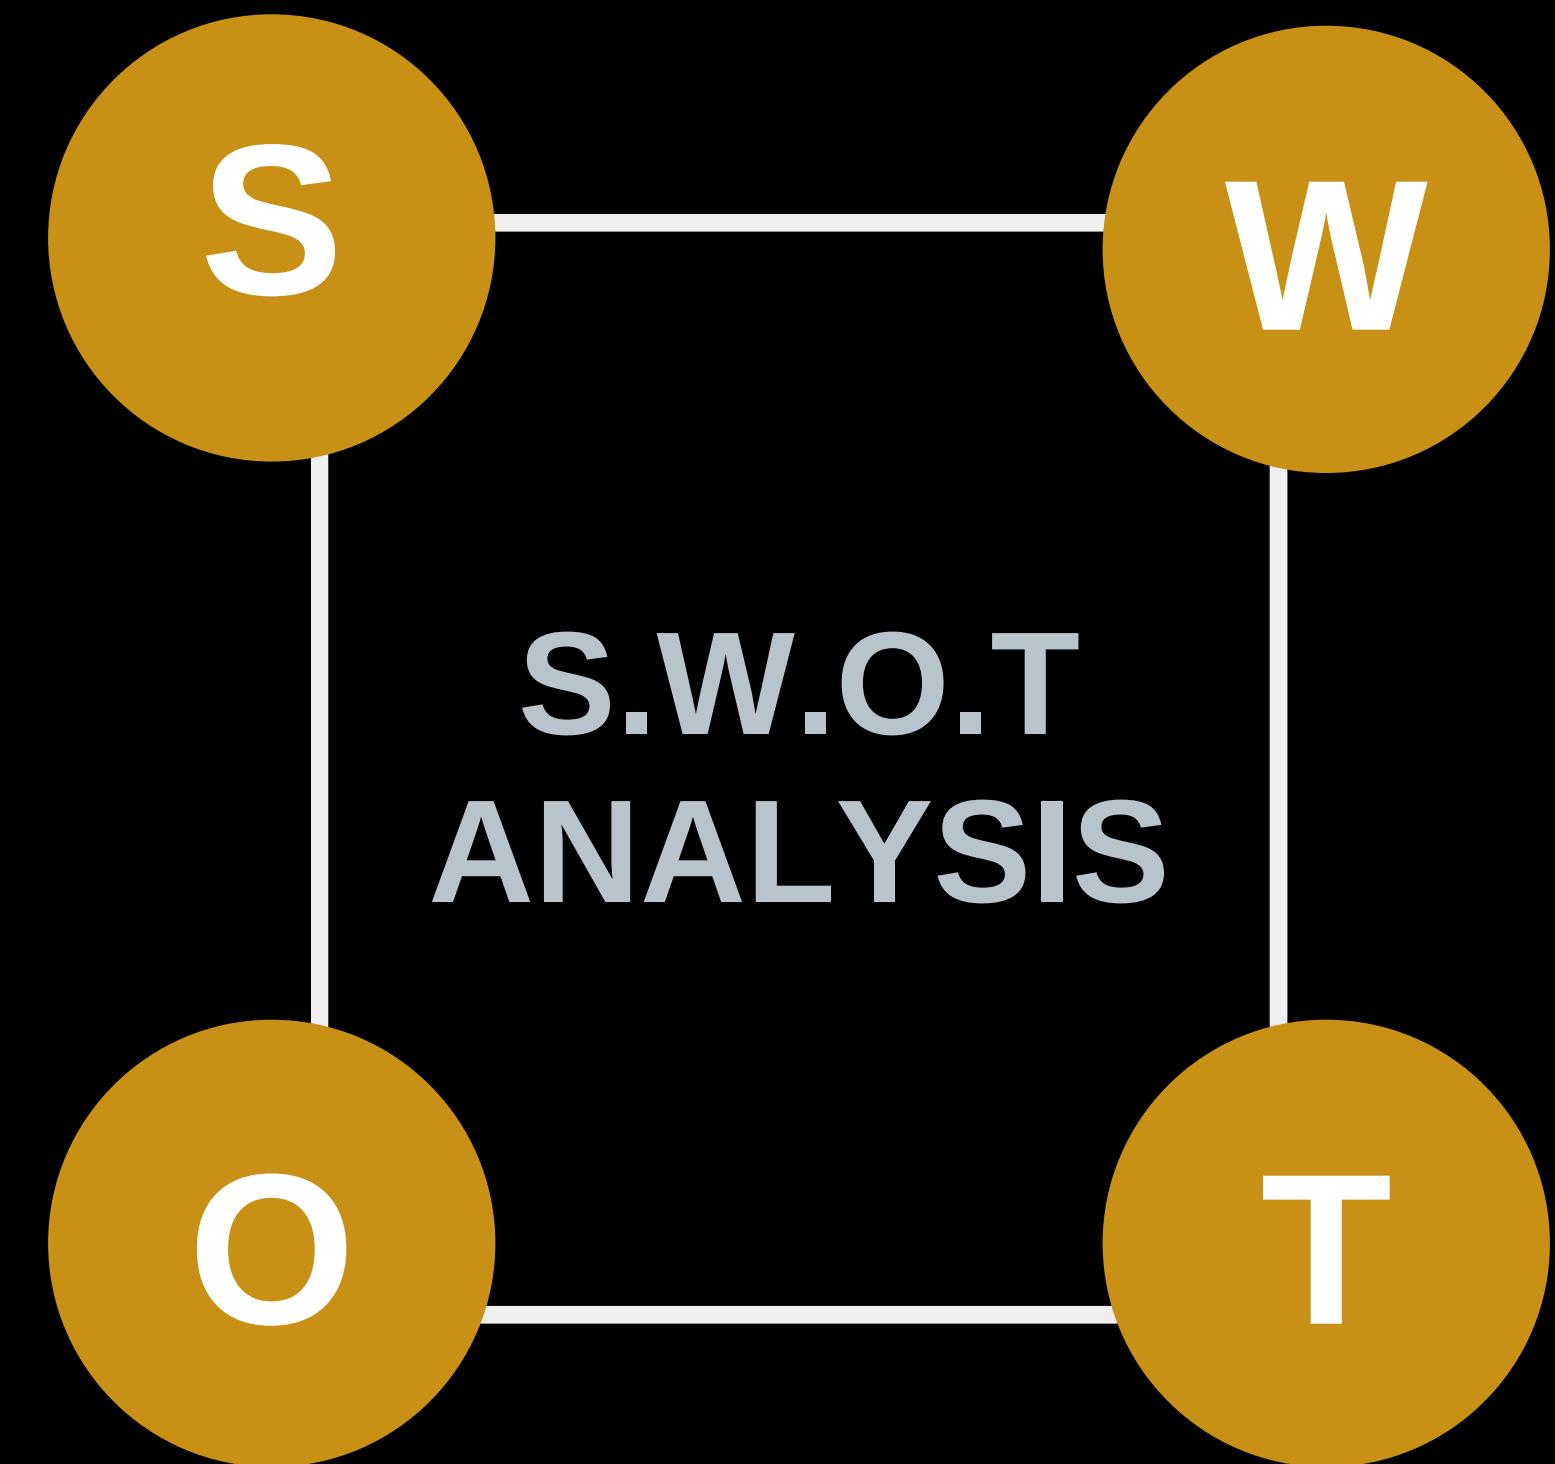

Purchase behavior: App users, safety-focused, deal-seekers

Loyalty: Frequent transport service users

Demographic

Geographic

Behavioral

S.W.O.T
ANALYSIS

Strengths

- **Reliable Service:** Fast and safe taxi service with new vehicles and trained drivers enhances customer trust and satisfaction.
- **Brand Recognition:** As a newer service, Marki Taxi may struggle with brand recognition compared to established competitors.
- **Market Expansion:** Potential to expand into neighboring cities or regions to increase market share.
- **Intense Competition:** Strong competition from established players like Uber and Careem could pressure pricing and market share.

Weakness

- **Brand Recognition:** As a newer service, Marki Taxi may struggle with brand recognition compared to established competitors.
- **Limited Resources:** If initial funding is low, it may hinder marketing efforts and service expansion.
- **Driver Recruitment and Retention:** Finding and keeping qualified drivers can be challenging, impacting service consistency.
- **Dependence on Technology:** Any technical issues with the app could negatively affect customer experience and trust.

Opportunities

- **Market Expansion:** Potential to expand into neighboring cities or regions to increase market share.
- **Partnerships:** Collaborating with local businesses or tourism companies can enhance service offerings and customer reach.
- **Increased Demand for Rideshare Services:** Growing demand for convenient transportation options creates opportunities for growth.
- **Promotions and Marketing:** Utilizing social media and influencer marketing to increase brand awareness and attract new users.

Threats

- **Intense Competition**: Strong competition from established players like Uber and Careem could pressure pricing and market share.
- **Economic Downturn**: Economic challenges could reduce consumer spending on rideshare services.
- **Regulatory Changes**: Changes in transportation regulations could impact operational costs and service viability.
- **Safety Concerns**: Any incidents involving drivers or passengers could harm the brand's reputation and customer trust.
- **Technological Disruptions**: Rapid advancements in technology may necessitate constant updates to the app and service, which could be resource-intensive.

competitor analysis

Competitor analysis

**Uber is an American company that was founded in 2009
Uber has a strong global reputation and an easy-to-use
interface,
offering various services like UberX and Uber Bus.**

**However, the service cost may be high for some customers,
limiting its potential market.**

**Uber also faces competition from rivals like InDriver and
Additionally,**

**there is growing concern about Uber's recent lack of focus on
safety measures,
leading to several serious accidents,
sometimes resulting in the death of victims.**

By Yasmen Mohamed Abdelsatar

Competitor analysis

indrive is an American-Russian company founded in the Russian city of Yakutsk in 2013

Rapid deployment: InDriver succeeded in entering new markets quickly, including Egypt.

Independence: Drivers have greater freedom to accept or reject trips

Safety: Due to the lack of a fixed pricing system, there may be problems with the confidence of customers and drivers

Competitor analysis

originally came from the United Kingdom, specifically England, and was established in 2020.

The app is free but not user-friendly.

They offer taxi, private car, and truck services.

There are issues with codes not working on the app for some users.

The service is available in four Arab countries, including Egypt and Palestine.

The only advantage they have is that they are cheap. A trip that costs 100 with Uber only costs 50 with them.

Digital Marketing Objectives

Increase Brand Awareness

Promote Marki Taxi as a reliable and flexible service, highlighting features like family-friendly vehicles, and fast options for business users.

Lead Generation

Boost app downloads and registrations through offers, referral programs, and strong calls-to-action.

Trust Building

Encourage repeat use with loyalty programs, exclusive deals, and personalized experiences for current users.

Enhance User Engagement

Engage users with interactive content, polls, and personalized recommendations to keep them connected.

SMART Goals

Promotional Campaign

Highlighting the Company as the Safest in the Egyptian Market: Specific: Launch a promotional campaign emphasizing the company's commitment to safety. - Measurable

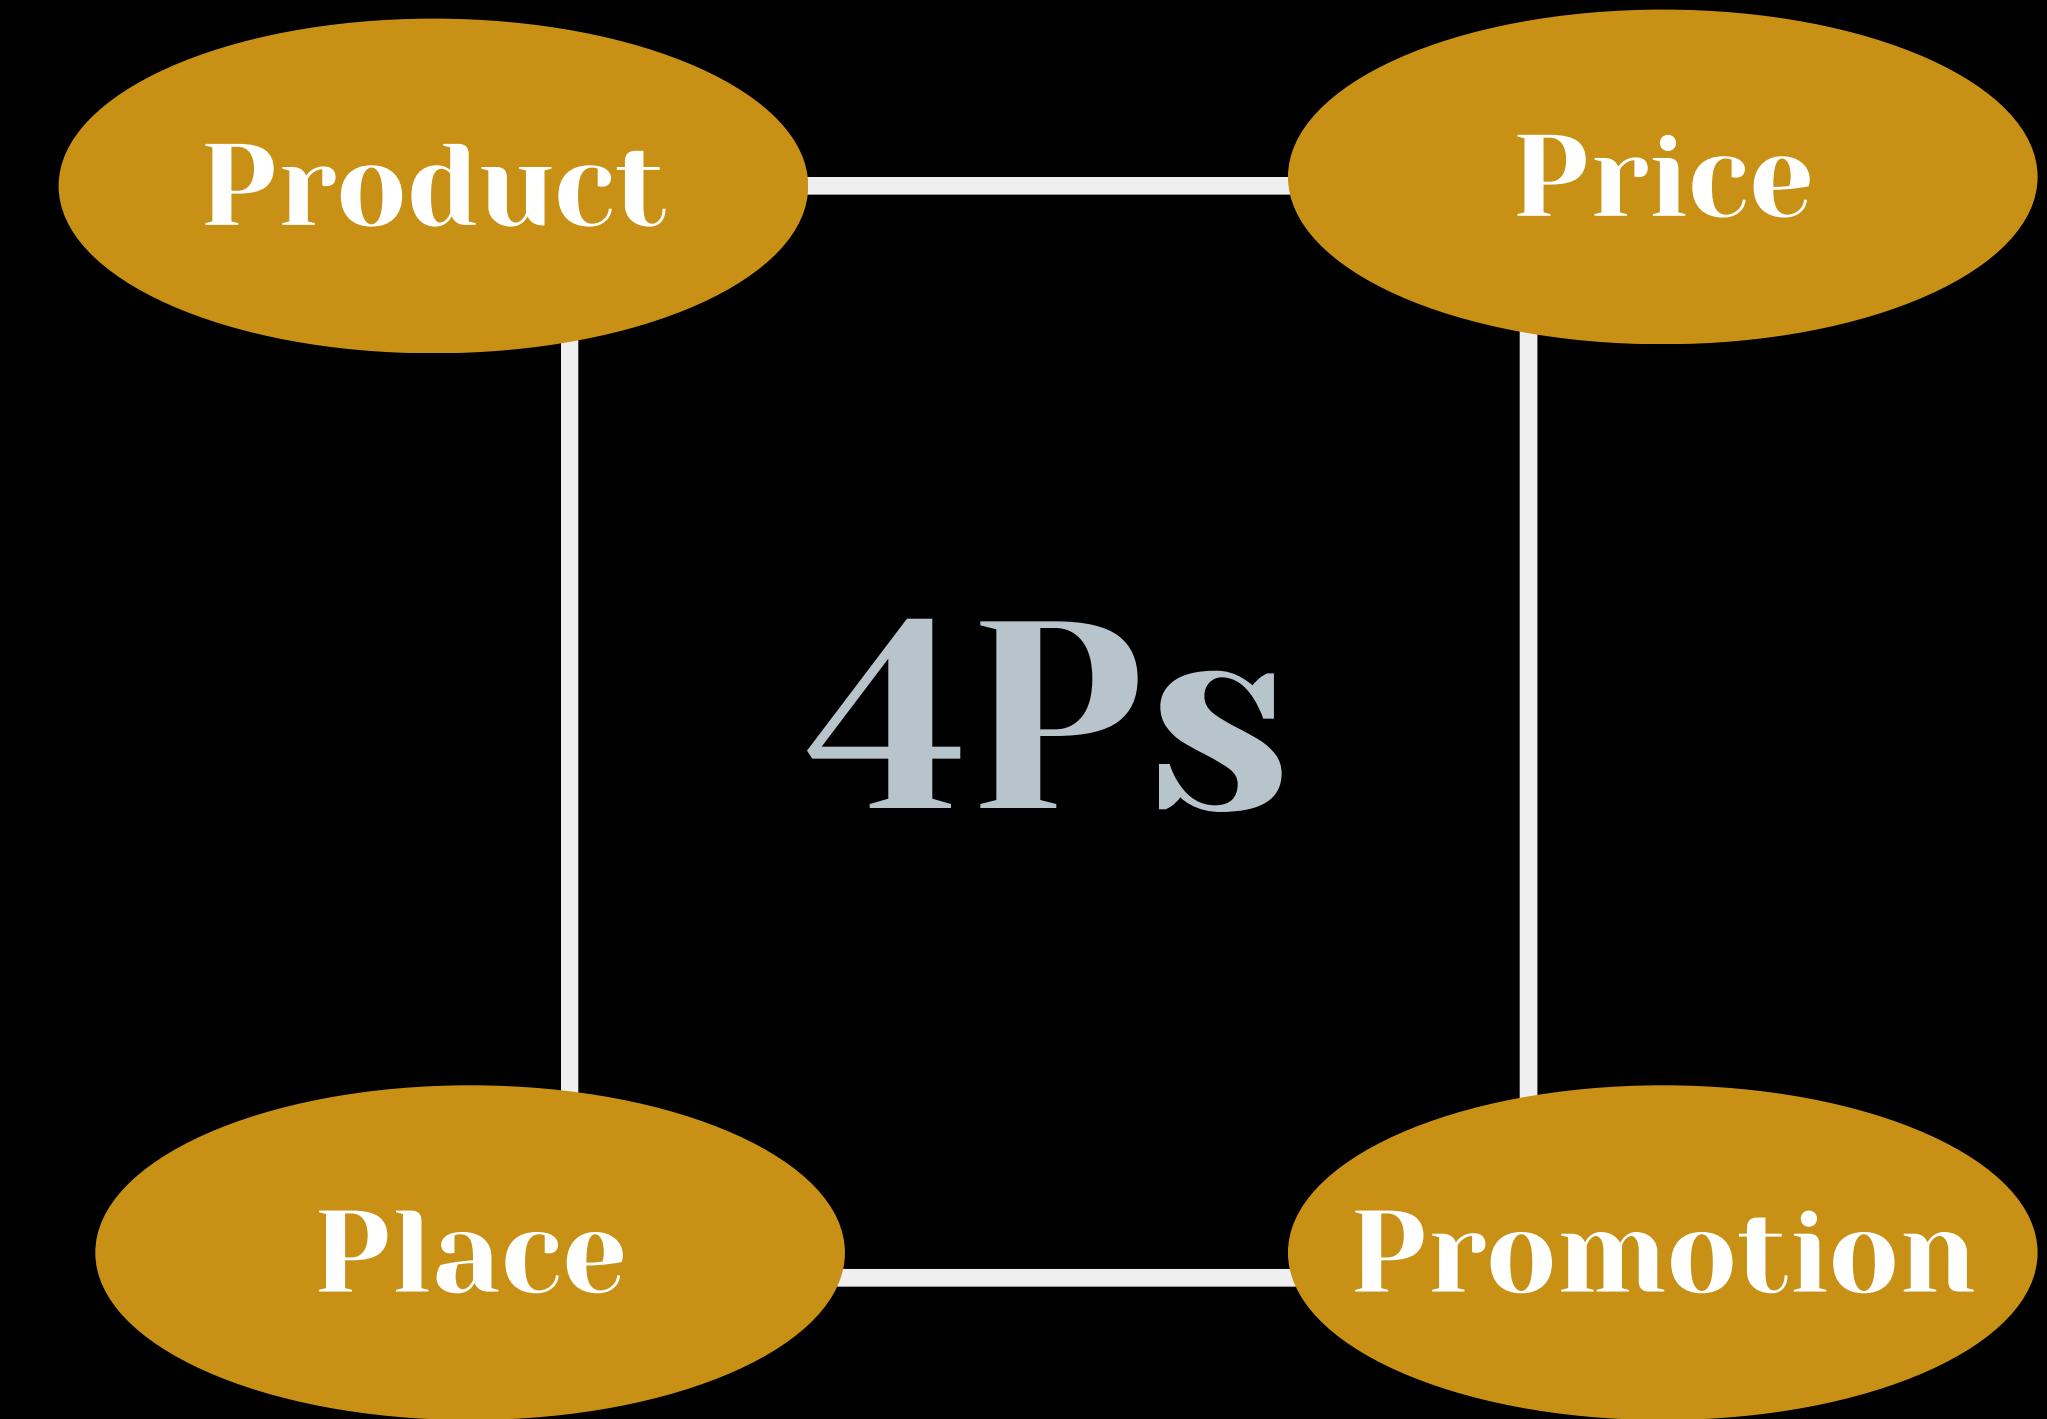

SMART Goals

Prove Safety to Customers and Increase Trust: goal within one year. **Specific:** Enhance customer trust by demonstrating the safety of the service. **-Measurable:** Increase customer satisfaction scores related to safety by 20% within six months. **Achievable:** Implement safety protocols and communicate them effectively to customers. **- Relevant:** Building trust is crucial for customer retention and attracting new users. **- Time-bound:** Achieve this increase in six months.

SMART Goals

Dominate the Egyptian Market (as an Egyptian alternative): Specific: Become the leading transportation service in the Egyptian market, recognized as the top local alternative.

- **Measurable:** Capture 30% market share within the next 12 months.
- **Achievable:** Leverage local knowledge and establish partnerships with Egyptian businesses.
- **Relevant:** Align with the company's mission to provide a trusted local service.
- **Time-bound:** Achieve this

Product

- A fast and reliable taxi service available throughout Alexandria.
- An easy-to-use app with flexible payment options and trip tracking.
- A loyalty program offering discounts and points.
- A pre-booking service to ensure a taxi is available whenever you need it

Price

- Prices lower than Uber and Careem with excellent service.
- Offers for new users and during holidays and events.
- The final price is clear and fixed without any additional charges.

Place

- The service is available in all areas of Alexandria, especially in crowded and tourist spots.
- The service is available 24 hours a day.
- There is an easy-to-use website where you can book and contact customer service.

Promotion

- Using social media for advertisements.
- Offers and discount promo codes to attract new users.
- Showcasing experiences and reviews from customers who have tried the service.
- Collaborating with bloggers to enhance brand awareness.

Plat Forms
